Chapter 173-303-WAC, entitled "Dangerous Waste Regulation," designates those solid wastes which are dangerous or extremely hazardous to the public health and environment; and provides for surveillance and monitoring of dangerous wastes until they are detoxified, reclaimed, neutralized, or disposed of safely.

Review of documents for the Pier 91 facility reveals that amendments of its Closure Plan, waste analysis plan, Notification Form 2 and Part A application need to be completed, and submitted.

RCW 70.105.095 reads in part: "Whenever on the basis of any information the department determines that a person has violated or is about to violate any provision of this chapter, the department may issue an order requiring compliance either immediately or within a specified period of time."

In view of the foregoing and in accordance with the provisions of RCW 70.105.095.

IT IS ORDERED THAT Chemical Processors, Pier 91 Facility, shall upon receipt of this Order, take appropriate action in accordance with the following instructions:

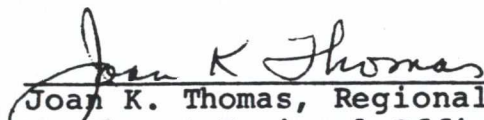

Submit to the Department of Ecology within ninety (90) days;

1. An amended Closure Plan (WAC 173-303-610).
2. An amended waste analysis plan (WAC 173-303-300).
3. A revised Notification Form 2 (WAC 173-303-060).
4. A revised Part A application (WAC 173-303-060).

Any person who fails to take corrective action as specified in a compliance order shall be liable for a civil penalty of not more than ten thousand dollars for each day of continued non-compliance. In addition, the department may suspend or revoke any permits and/or certificates issued under the provisions of this chapter to a person who fails to comply with an order directed against him.

Any order shall become final unless, no later than thirty days after the order is served, the person or persons named in the order requests a public hearing. The request shall be delivered either by registered mail or personally to the department. Upon receiving a request for a hearing, the department shall promptly conduct a public hearing to consider testimony and new information regarding the order. The department may, at its discretion, either modify the order or maintain it unchanged. The order shall become effective immediately after the department reaches a final decision, unless the department modifies the order to specify another compliance date.

DATED at Redmond, Washington JUN 3 0 1986
